

EDGE™ 5000 Series

Single-Item Dispensing

Powered by Apex Connect n' Go™ Technology

Provides user-level access control
and individual item dispensing

Adjustable Shelf Height and Tray Configurations

Adapts to a wide range of item sizes and shapes

Patented Verified-Vend™ Technology

Senses and confirms each vend transaction

Broad Range of Dispense Accessories

Reduces the need for repackaging

Supports a Wide Range of User ID

Choose from barcode, magnetic stripe, proximity card or keypad entry

Padded Delivery Bay

Safely dispenses highly sensitive or fragile items

Heavy-Duty Construction

Engineered for harsh industrial environments

- **Outstanding inventory control**

Choose from three EDGE™ 5000 models for single-item dispensing of parts, materials and supplies, including fragile and refrigerated items.

- **Flexible configurations**

Move tray dividers, change tray heights, interchange helixes, add spacers, risers and adapters to make the EDGE 5000 Series even more versatile.

- **Faultless transactions**

Dispense up to 60 SKUs with limited repackaging needed.

Our exclusive **Versatile Dispensing Modules (VDM)** provide single-item dispensing of batteries, aerosol cans and other hard-to-vend items.

1,800 total products

Trajectory Cloud™: The Smarts Behind the EDGE™ 5000 Series

Our Trajectory Cloud™ platform makes these smart devices absolutely brilliant. You'll know who used what, when and where, 24/7. You can also automate replenishment, and set up alerts and notifications to put an end to stock-outs.

Apex Connect n' Go™ Technology Makes It Easy to Implement

All Apex devices are easy-to-use Internet appliances (MS Windows-free). They're powered by our Connect n' Go™ Technology, so you simply plug the device into a power supply, connect to the Internet and you're ready to go.

Easy to Use. Easy to Implement. Easy to Afford.
