

# Axcess™ 6100 Series Automated Locker Solutions

Powered by Apex Connect n' Go™ Technology

Shallow-depth lockers ideal for managing reusable assets like handheld scanners, radios, tools and instruments

#### Secure Access

Control access based on job roles, departments, work orders and more

#### Versatile Configurations

Choose from 4 heights and any 6- and 3-door compartment combination to create your ideal dispensing solution

#### Compact Footprint

Shallow-depth design provides high-density storage in minimal space

#### Supports a Wide Range of User ID

Choose from barcode, magnetic stripe, proximity card or keypad entry

#### Keep Assets Charged

Compartments can be wired to recharge devices so they're always ready to work

- **Reduce loss and keep handheld devices and tools ready to work**

Get 24/7 visibility into who's using devices and tools, and where. Greater accountability protects your investment and minimizes loss and damage.

- **Automate alerts for service and loan periods**

Set loan periods for various users and devices, and receive notifications when items are overdue.

- **Protect calibrated tools and instruments**

Automate maintenance, service and calibration notifications to ensure they're always working at peak performance. Maintain time-stamped documentation of service and calibration records for quality certification programs.

1 Choose from our space-saving internal controller or versatile stand-alone controller.

2 Place lockers within easy reach with a pedestal, sold separately. Shelves are available for extra storage.

### Apex Cloud™: Real-Time Control, Tracking and Insights

Our Apex Cloud™ platform makes these smart devices absolutely brilliant. You'll know who used what, when and where, 24/7. And you can set up automated alerts and notifications to reinforce established processes and monitor activity patterns. Plus, the electronic audit trail provides detailed documentation for automated compliance management.

### Apex Connect n' Go™ Technology Makes It Easy to Implement

All Apex devices are easy-to-use Internet appliances (MS Windows-free). They're powered by our Connect n' Go™ Technology, so you simply plug the device into a power supply, connect to the Internet and you're ready to go.

Easy to Use. Easy to Implement. Easy to Afford.

Technology That Counts™
