Outdoor solutions for no-wait order pickup and returns

Quick, Secure Access

Customers access their order compartment(s) with a unique pickup code

Optimal Compartment Sizes

A wide choice of configurations to accommodate many products and shelf heights

Flexible Configurations

Add up to three satellite lockers to right or left of customer interface

Accessible Accommodations

A variety of features provide accommodations for users with disabilities

IP24 Rated

Resists rain, moisture and particle infiltration of 12.5 mm or larger

Withstands Heat and Cold

Operates in temperatures from -10° F/-23° C* to 110° F/43° C with optional heater fan
*Without heater fan: 40° F/4° C to 110° F/43° C

Supports a Wide Range of User ID

Choose from barcode, magnetic stripe, proximity card or keypad entry

Optional Front and Side Skirts

Provides a more streamlined appearance

* Shown with optional skirt

- **Offer 24/7 e-commerce order pickup and returns**

Meet your customers' needs 24/7 by providing convenient self-serve pickup and returns. Optional automated data exchange with your POS or e-commerce system.

- **Remote dispensing convenience**

Keep supplies stocked and secure, and always know who's using what, when and where.

- **Reusable asset check-out/check-in**

Keep handheld devices and tools ready to work, keep track of who's using them, and when they're returned.

- **Create a dazzling brand experience**

Get creative with optional eye-catching colors and graphics to reinforce your brand and stand out in any environment.

FIVE COMPARTMENT OPTIONS

Choose from five compartment sizes and multiple configurations to enhance order fulfillment.
